Promoting Cooperative Solutions for Space Sustainability

Outline

- Intro to Secure World Foundation (SWF)
- SWF's Human and Environmental Security activities
- Key Questions for Today's Discussion
- Panelist Presentations
- Q&A Session and Audience Discussion

Promoting Cooperative Solutions for Space Sustainability

Who is Secure World Foundation?

The Secure World Foundation (SWF) is a private operating foundation dedicated to the secure and sustainable use of space for the benefit of Earth and all its peoples.

- Non-profit, international NGO founded in 2004
- Liaise/partner with international organizations, governments, agencies, militaries, industry, civil society, academia
- Promote **cooperative solutions for space sustainability**
- One core area is Space for **Human and Environmental Security**
- Accessible data supports better decision-making

SWF: Human and Environmental Security

- SWF and UNSPIDER
- SWF and GEO
- SWF and CEOS Working Group on Capacity Building and Data Democracy (WGCapD)

Key Questions

- Why share Earth Observation (EO) satellite data?
- What challenges exist in sharing EO satellite data?
- How is EO satellite data-sharing handled within U.S. government?
- How is it handled at the international level?
